

UTC Project Information – Project 4.7	
Project Title	Integrated Green Infrastructure and Sustainable Transportation Planning
University	University of Rhode Island
Principal Investigator	Christopher D. Hunter
PI Contact Information	cdhunter@uri.edu ; (401) 874-2818
Co-PI(s)	Farhad Atash
Co-PI Contact Information	fatash@uri.edu ; (401) 874-2982
Funding Source(s) and Amounts Provided (by each agency or organization)	USDOT Federal Funds: \$124,735 URI Research Office: \$125,835 (match)
Total Project Cost	\$250,570
Agency ID or Contract Number	69A3551847101
Start and End Dates	7/1/2019 – 6/30/2020
Brief Description of Research Project	The proposal seeks to derive guidelines for the best use of green infrastructure (GI) to improve sustainability of transportation infrastructure through the investigation of GI practices at the community, site, and regional scales and then to identify specific infrastructure parameters to use for infrastructure performance analysis.
Describe Implementation of Research Outcomes (or why not implemented)	Currently, the research project is in the initial phase and is ongoing. The research outcomes will be implemented as they are developed.
Place Any Photos Here	
Impacts/Benefits of Implementation (actual, not anticipated)	The research project is in the initial phase and is ongoing. The benefits will be determined after the implementation phase of the research.
